

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product number FX081225

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses Paint.

1.3. Details of the supplier of the safety data sheet

| Supplier | Seymour Road Nuneaton Warwickshire CV11 4LB |
|----------|--------------------------------------------------------------------|
| | 02476 322 196 (T) 02476 322 117 (F) info@fixtconsumables.com |

1.4. Emergency telephone number

| Emergency telephone | 02476 322 196 |
|---------------------|---------------|
|---------------------|---------------|

SECTION 2: Hazards identification

| 2.1. Classification of the substa | ance or mixture |
|-------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Physical hazards | Aerosol 1 - H222, H229 |
| Health hazards | Skin Irrit. 2 - H315 Eye Irrit. 2 - H319 STOT SE 3 - H335, H336 STOT RE 2 - H373 |
| Environmental hazards | Not Classified |
| Classification (67/548/EEC or 1999/45/EC) | Xn;R20/21. Xi;R36. F+;R12. R66. |
| Human health | Gas or vapour is harmful on prolonged exposure or in high concentrations. In high concentrations, vapours and aerosol mists have a narcotic effect and may cause headache, fatigue, dizziness and nausea. Deliberately concentrating and inhaling the contents of this container is dangerous and can be fatal. |
| Environmental | This product does not contain substances which are harmful to aquatic organisms or which may cause long term effects to the aquatic environment |
| Physicochemical | Aerosol containers can explode when heated, due to excessive pressure build-up. The product is extremely flammable. When sprayed on a naked flame or any incandescent material the aerosol vapours can be ignited. |
| 2.2. Label elements | |

Pictogram

Signal word

Danger

| Hazard statements | H222 Extremely flammable aerosol. H229 Pressurised container: may burst if heated H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. H336 May cause drowsiness or dizziness. |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Precautionary statements | H373 May cause damage to organs through prolonged or repeated exposure. P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P211 Do not spray on an open flame or other ignition source. P251 Do not pierce or burn, even after use. P260 Do not breathe vapour/spray. P271 Use only outdoors or in a well-ventilated area. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P314 Get medical advice/attention if you feel unwell. P410+P412 Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. P102 Keep out of reach of children. P501 Dispose of contents/container in accordance with local regulations. P262 Do not get in eyes, on skin, or on clothing. |
| Supplemental label information | RCH002b For professional users only. |
| Contains | XYLENE, ACETONE |
| 2.3. Other hazards | |

This product does not contain any substances classified as PBT or vPvB.

SECTION 3: Composition/information on ingredients

| 3.2. Mixtures | | |

The Full Text for all R-Phrases and Hazard Statements are Displayed in Section 16.

SECTION 4: First aid measures

4.1. Description of first aid measures

| General information | Move affected person to fresh air at once. | |
|------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Inhalation | If spray/mist has been inhaled, proceed as follows. Move affected person to fresh air and keep warm and at rest in a position comfortable for breathing. If breathing stops, provide artificial respiration. Keep affected person warm and at rest. Get medical attention immediately. | |
| Ingestion | Rinse mouth thoroughly with water. Do not induce vomiting. Get medical attention. | |
| Skin contact | Remove contaminated clothing immediately and wash skin with soap and water. | |
| Eye contact | Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes and get medical attention. | |
| 4.2. Most important symptoms and effects, both acute and delayed | | |
| General information | The severity of the symptoms described will vary dependent on the concentration and the length of exposure. | |

4.3. Indication of any immediate medical attention and special treatment needed

| Notes for the doctor | Treat symptomatically. |
|---------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| SECTION 5: Firefighting meas | sures |
| 5.1. Extinguishing media | |
| Suitable extinguishing media | Extinguish with foam, carbon dioxide, dry powder or water fog. |
| 5.2. Special hazards arising fr | om the substance or mixture |
| Specific hazards | Extremely flammable. Forms explosive mixtures with air. Vapours are heavier than air and may spread near ground and travel a considerable distance to a source of ignition and flash back. Containers can burst violently or explode when heated, due to excessive pressure build-up. |
| 5.3. Advice for firefighters | |
| Protective actions during firefighting | Cool containers exposed to heat with water spray and remove them from the fire area if it can be done without risk. Use water to keep fire exposed containers cool and disperse vapours. Warn firefighters that aerosols are involved. |
| SECTION 6: Accidental releas | e measures |
| 6.1. Personal precautions, pro | tective equipment and emergency procedures |
| Personal precautions | Provide adequate ventilation. Use suitable respiratory protection if ventilation is inadequate. Avoid inhalation of vapours. |
| 6.2. Environmental precaution | <u>S</u> |
| Environmental precautions | Avoid the spillage or runoff entering drains, sewers or watercourses. Contain spillage with sand, earth or other suitable non-combustible material. |
| 6.3. Methods and material for | containment and cleaning up |
| Methods for cleaning up | Eliminate all sources of ignition. No smoking, sparks, flames or other sources of ignition near spillage. Provide adequate ventilation. Absorb spillage with non-combustible, absorbent material. Leave small quantities to evaporate, if safe to do so. Do not allow material to enter confined spaces, due to the risk of explosion. |
| 6.4. Reference to other section | ns |
| Reference to other sections | For personal protection, see Section 8. For waste disposal, see Section 13. |
| SECTION 7: Handling and sto | rage |
| 7.1. Precautions for safe hand | ling |
| Usage precautions | Read and follow manufacturer's recommendations. Keep away from heat, sparks and open flame. Eliminate all sources of ignition. Do not spray on a naked flame or any incandescent material. |
| 7.2. Conditions for safe storag | e, including any incompatibilities |
| Storage precautions | Extremely flammable. Keep away from heat, sparks and open flame. Store at moderate temperatures in dry, well ventilated area. Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. |
| 7.3. Specific end use(s) | |
| Specific end use(s) | The identified uses for this product are detailed in Section 1.2. |
| SECTION 8: Exposure Contro | Is/personal protection |
| 8.1. Control parameters Occupational exposure limits | |

Occupational exposure limits

ACETONE

Long-term exposure limit (8-hour TWA): WEL 500 ppm 1210 mg/m³ Short-term exposure limit (15-minute): WEL 1500 ppm 3620 mg/m³

XYLENE

Long-term exposure limit (8-hour TWA): WEL 50 ppm 220 mg/m³ Short-term exposure limit (15-minute): WEL 100 ppm 441 mg/m³ Sk

BUTANE

| PNEC | - Fresh water; 0.68 mg/l - Marine water; 0.68 mg/l - Soil; 2.89 mg/kg | |
| 8.2. Exposure controls | | |
| Appropriate engineering controls | Provide adequate ventilation. Avoid inhalation of vapours and spray/mists. Observe any occupational exposure limits for the product or ingredients. | |
| Personal protection | When using do not smoke. | |
| Eye/face protection | Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible. Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible. The following protection should be worn: Chemical splash goggles. | |
| Hand protection | Due to the packaging form, aerosol, risk of skin contact is small. Chemical-resistant, impervious gloves complying with an approved standard should be worn if a risk assessment indicates skin contact is possible. The most suitable glove should be chosen in consultation with the glove supplier/manufacturer, who can provide information about the breakthrough time of the glove material. | |
| Hygiene measures | Wash hands after handling. Wash promptly if skin becomes contaminated. Wash hands at the end of each work shift and before eating, smoking and using the toilet. Use appropriate skin cream to prevent drying of skin. | |
| Respiratory protection | If ventilation is inadequate, suitable respiratory protection must be worn. | |
| SECTION 9: Physical and Ch | nemical Properties | |

9.1. Information on basic physical and chemical properties

Appearance

| Colour | Silver. |
|-----------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Odour | Organic solvents. Xylene. |
| Flash point | <-40°C |
| Upper/lower flammability or explosive limits | Lower : 1.8% - Upper 9.5% |
| Auto-ignition temperature | 410-580°C |
| Comments | Information given is applicable to the major ingredient. |
| 9.2. Other information | |
| Other information | Not available. |
| Volatile organic compound | This product contains a maximum VOC content of 662 g/l. |
| SECTION 10: Stability and rea | activity |
| 10.1. Reactivity | |
| Reactivity | Stable at normal ambient temperatures and when used as recommended. |
| 10.2. Chemical stability | |
| Stability | Avoid the following conditions: Heat, sparks, flames. |
| 10.3. Possibility of hazardous | reactions |
| Possibility of hazardous reactions | Does not decompose when used and stored as recommended. |
| 10.4. Conditions to avoid | |
| Conditions to avoid | Avoid heat, flames and other sources of ignition. Avoid exposing aerosol containers to high temperatures or direct sunlight. |
| 10.5. Incompatible materials | |
| Materials to avoid | Keep away from oxidising materials, heat and flames. |
| 10.6. Hazardous decompositio | on products |
| Hazardous decomposition products | Does not decompose when used and stored as recommended. Thermal decomposition or combustion products may include the following substances: Toxic and corrosive gases or vapours. |
| SECTION 11: Toxicological in | formation |
| 11.1. Information on toxicolog | ical effects |
| Acute toxicity - dermal ATE dermal (mg/kg) | 5,100.97614134 |
| Acute toxicity - inhalation ATE inhalation (gases ppm) | 23,186.25518792 |
| General information | Deliberately concentrating and inhaling the contents of this container is dangerous and can be fatal. |
| Inhalation | Harmful by inhalation. In high concentrations, vapours and aerosol mists have a narcotic effect and may cause headache, fatigue, dizziness and nausea. Unconsciousness, possibly death. |

I

FIXT Zinc Galve Primer

| Skin contact | Harmful in contact with skin. | |
|---------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Eye contact | Irritating to eyes. Vapour or spray in the eyes may cause irritation and smarting. Repeated exposure may cause chronic eye irritation. | |
| Acute and chronic health hazards | Arrhythmia (deviation from normal heart beat). Irritating to eyes. Irritating to skin. In high concentrations, vapours and aerosol mists have a narcotic effect and may cause headache, fatigue, dizziness and nausea. | |
| Route of entry | Inhalation Skin and/or eye contact | |
| Target organs | Central nervous system Respiratory system, lungs | |
| Medical symptoms | Arrhythmia (deviation from normal heart beat). Narcotic effect. Vapours may cause drowsiness and dizziness. Irritation of eyes Skin irritation. | |
| SECTION 12: Ecological Infor | mation | |
| Ecotoxicity | The product components are not classified as environmentally hazardous. However, large or frequent spills may have hazardous effects on the environment. | |
| 12.1. Toxicity | | |
| Toxicity | Not available. | |
| 12.2. Persistence and degrad | ability | |
| Persistence and degradability | Not available. | |
| 12.3. Bioaccumulative potenti | al | |
| Bioaccumulative potential | Not available. | |
| 12.4. Mobility in soil | | |
| Mobility | Not known. | |
| 12.5. Results of PBT and vPv | B assessment | |
| Results of PBT and vPvB assessment | Not available. | |
| 12.6. Other adverse effects | | |
| Other adverse effects | Not available. | |
| SECTION 13: Disposal consid | lerations | |
| 13.1. Waste treatment method | ds | |
| General information | Do not puncture or incinerate, even when empty. | |
| Disposal methods | Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority. Containers should be thoroughly emptied before disposal because of the risk of an explosion. Empty containers must not be punctured or incinerated because of the risk of an explosion. | |
| SECTION 14: Transport information | | |
| General | This product is packed in accordance with the Limited Quantity Provisions of CDGCPL2, ADR and IMDG. These provisions allow transport of aerosols of less than 1 litre packed in cartons of less than 30kg gross weight to be exempt from control providing that they are labelled in accordance with the requirements of these regulations to show that they are being transported as Limited Quantities. Aerosols not so packed and labelled must show the following. | |

14.1. UN number

| UN No. (ADR/RID) | 1950 | |
|------------------------------------|--------------------------|--|
| UN No. (IMDG) | 1950 | |
| UN No. (ICAO) | 1950 | |
| 14.2. UN proper shipping name | 9 | |
| Proper shipping name (ADR/RID) | AEROSOLS | |
| Proper shipping name (IMDG) | AEROSOLS | |
| Proper shipping name (ICAO) | AEROSOLS | |
| Proper shipping name (ADN) | AEROSOLS | |
| 14.3. Transport hazard class(e | s) | |
| ADR/RID class | 2.1 | |
| ADR/RID subsidiary risk | | |
| ADR/RID label | 2.1 | |
| IMDG class | 2.1 | |
| IMDG subsidiary risk | | |
| ICAO class/division | 2.1 | |
| ICAO subsidiary risk | | |
| Transport labels | | |
| 2 | | |
| 14.4. Packing group | | |
| Not applicable. | | |
| ADR/RID packing group | | |
| IMDG packing group | | |
| ICAO packing group | | |
| 14.5. Environmental hazards | | |
| Environmentally hazardous sub | ostance/marine pollutant | |
| 14.6. Special precautions for user | | |
| EmS | F-D, S-U | |

Emergency Action Code

Hazard Identification Number (ADR/RID)

Tunnel restriction code (D)

14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

Transport in bulk according to Not applicable. Annex II of MARPOL 73/78 and the IBC Code

SECTION 15: Regulatory information

| 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture | | |
|------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------|--|
| National regulations | The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 (SI 2009 No. 716). | |
| EU legislation | Commission Regulation (EU) No 453/2010 of 20 May 2010. | |
| Guidance | Workplace Exposure Limits EH40. CHIP for everyone HSG228. | |
| | Safety Data Sheets for Substances and Preparations. | |
| | Approved Classification and Labelling Guide (Sixth edition) L131. | |
| | British Aerosol Manufacturers Code of Practice 7th. Edition 1999 | |

15.2. Chemical safety assessment

No chemical safety assessment has been carried out.

SECTION 16: Other information

| Revision comments | Supplemental information added. |
